

What Data is Needed for the IDC Data Drilldown Reports?

All of the reports provided here rely entirely on the CALPADS files your district already produces and sends to the CDE. (Work with your CALPADS administrator to locate and download the necessary files to utilize the drilldown center.) The file specifications can be found on the [CALPADS System Documentation](#) page and instructions for the CALPADS extract process can be found on the [CAPADS User Manual](#) site.

The table below shows which files are needed for each report.

	SSID Enrollment (SENR)	Student Information (SINF)	Students with Disabilities (SWDS)	Special Education Meetings (MEET)	Special Education Plans (PLAN)	Student Programs (SPRG)	English Language Acquisition (SELA)	Student Incident Results (SIRS)	Student Offense (SOFF)
Discipline Rate	X	X	X	X	X	X	X	X	X
Least restrictive Environment	X	X	X	X	X	X	X

*As a result of the recent CALPADS SPED Redesign the Student Special Education Program (SPED) Extract has been removed and replaced by Students with Disabilities (SWDS), Special Education Meetings (MEET) and Special Education Plans (PLAN) Extracts. The SWDS, MEET and PLAN Extracts are now required files to upload to view LEA Snapshot Reports.
