

The CIM Process

Purpose

Local Educational Agencies (LEAs) document the high leverage strategies and related activities, measures, and staff responsible for implementing the improvement plan.

Step 3 Activities:

Step 3 includes activities to help Local Educational Agencies (LEAs) develop a plan for improvement. **The specific activities that LEAs need to complete are based on their individual monitoring status.**

Examples of **some** of the activities are listed below:

- **Review and Prepare:** Review the Plan for Improvement template. Gather all relevant data and insights from Steps 1 and 2 to guide the development of the plan.
- **Identify High-Leverage Strategies:** Determine high-leverage strategies that will address the Problem of Practice.
- **Develop the Plan:** Enter required information into the Plan for Improvement to ensure that measurable outcomes are quantifiable and focused on student outcomes.
